CSF Leak Cerebrospinal fluid diverting shunts Cerebrospinal fluid leak Intracranial hypotension Normal pressure hydrocephalus Pseudotumor cerebri Traumatic Brain Injury General Conditions Arthritis Autism spectrum disorder Bacterial Meningitis Bell's Palsy Blepharospasm Cerebral Abscess Concussion Cranial (skull) fractures Cranial gunshot wounds Discitis Encephalitis Epidural Abscess Epidural hematoma Fibromuscular dysplasia Fourth Nerve Palsy Herpes encephalitis Herpes Meningoencephalitis Hyperhidrosis Increased Intracranial Pressure (ICP) Intracranial hypotension Memory Disorders Meningitis Neck and back pain Neuropathies Normal pressure hydrocephalus Prion Diseases Progressive Supranuclear Palsy Rasmussen's encephalitis Sports Injuries Syringomyelia Traumatic Brain Injury Venous sinus thrombosis If your child or someone you know has recently been diagnosed with a neurologic condition, we're here to help you make an informed decision on their care. CNF's Disorder Directory serves as a source of information, inspiring family stories and current resources related to child neurologic conditions. Topics include: autism, epilepsy, ketogenic diets, seizures, stroke, and more. A revamped version of the Disorder Directory is underway - keep an eye out for the dozens of new and updated conditions being added in the coming months! Search our child neurology disorder directory to learn more about treatment, prognosis and research opportunities. Attention-deficit/hyperactivity disorder (ADHD) can manifest in different ways. In children, it usually appears as hyperactivity, impulsivity, and/or inattention. ADHD may affect nearly 10% of school-age children. It is more common in boys than girls. Multiple sclerosis (MS) is an autoimmune disease that affects the neurons of the brain and spinal cord. It causes symptoms that come and go, but over time it can lead to problems with walking, vision, or coordination. There is no cure for multiple sclerosis. However, there are many treatments that can help prevent problems from developing. Learn More About Multiple Sclerosis You don't need to face a neurologic disorder alone. Reach out to receive emotional support and practical help from a trained peer support specialist who can help you navigate this journey. Contact Peer Support If you would like to get updates about the latest resources, research opportunities, grants and scholarships, and other news from our community, sign-up to receive our weekly newsletter. Subscribe to our newsletter "This is the most put-together and thorough, easy to understand explanation I have seen so far. This will be so valuable especially to parents hearing some of these words for the first time when pertaining to their child." "Thank you for this. I wish we had read something like this 23 months ago. We found much of what we needed along the way, but it requires lots of internet sleuthing. This is balanced and clear but not varnished. A good resource." Philips Respironics issued a recall for some CPAP and BiLevel PAP devices and mechanical ventilators. Learn more. COVID-19: We are vaccinating patients ages 12+. Learn more: Vaccines | Testing | Patient Care | Visitor Guidelines | Coronavirus | Self-Checker | Email Alerts Neurological disorders are diseases of the brain, spine and the nerves that connect them. There are more than 600 diseases of the nervous system , such as brain tumors, epilepsy, Parkinson's disease and stroke as well as less familiar ones such as front temporal dementia. Related Journals of Neurological Disorders Journal of Neurological Disorders, Journal of Neuroinfectious Diseases, Brain Disorders & Therapy, Journal of Alzheimers Disease & Parkinsonism, CNS and Neurological Disorders - Drug Targets, Therapeutic Advances in Neurological Disorders, Reviews in Neurological Diseases, Neurology, Brain; a journal of neurology, Annals of Neurology, Lancet Neurology.
